Aims and Scope

The *Journal of African Earth Sciences* (*and the Middle East*) is an international interdisciplinary journal devoted to all aspects of research related to the African continent and neighbouring regions. Papers incorporating the results of research on regional geology of the African cratons and mobile belts, economic geology, geophysics, structure, Quaternary geology and analysis of sedimentary basins are featured.

Submission of papers for publication is welcomed. Contributors should send three copies of completed manuscripts to the Editor-in-Chief or any of the Editorial Board.

In addition the journal will include book reviews, short notes and selected papers from the proceedings of conferences, symposia and workshops on any aspect of African geology and related subjects.

Publishing and Advertising Offices. Pergamon Press Ltd, Headington Hill Hall, Oxford OX3 0BW, U.K. Tel., (0865) 794141. Pergamon Press Inc., 660 White Plains Road, Tarrytown, NY 10591-5153, U.S.A. All subscription enquiries should be addressed to: The Subscriptions Fulfilment Manager, Subscriptions Dept., Pergamon Press Ltd, Headington Hill Hall, Oxford OX3 0BW, U.K. Annual Institutional Subscription Rate (1993): £372.00 (US$707.00). Sterling prices are definitive. US dollar prices are quoted for convenience only, and are subject to exchange rate fluctuation. Prices include postage and insurance and are subject to change without notice.

Published 8 issues/annum (2 volumes) in January, February, April, May, July, August, October and November.
